ENCLOSURE

CHANGES TO ENCLOSURE TO DJSN-1637-62, 26 December 1962 (U)

1. Page 10, subparagraph 1. Delete and substitute the following:

"1. CINCLANT's original plan did not contemplate the use of nuclear weapons in any Cuban operation. However, when a determination was made that nuclear capable FROG (Free Rocket Over Ground) missiles were present in Cuba, CINCLANT expressed his concern, and proposed to have tactical nuclear weapons readily available in his invasion force. These weapons would be used only in retaliation for the employment of nuclear weapons against US forces. The Joint Chiefs of Staff approved only so much of CINCLANT's proposal that authorized him to take nuclear capable delivery systems (e. g., 6 inch howitzers and Honest John rockets) into Cuba, but did not authorize the introduction into Cuba of nuclear weapons themselves without further JCS approval."

2. Page 11, subparagraph 2. First line, modify as follows:

"2. Secondly, although not originally included in the plan, the 5th Infantry Division"
